Latrobe Valley Tennis Association Grand Finals

The 2020-21 junior tennis season involved 55 teams, consisting of 203 players from 10 clubs across the Latrobe Valley.

The league had 9 sections this season with players aged 7 -18 years competing. "The matches this year were closer than ever", said LVTA president Sally Kirstine. "Approximately 20% of the matches each week were decided by game difference".

The Hotshots sections, with modified rules and low compression balls, enables tennis to be accessible to the younger children. All players need to be congratulated for their efforts and sportsmanship throughout the season, along with all of the club volunteers and coordinators who assisted at the various clubs.

The senior grand final was also played on Saturday in very blustery conditions.

However, the standard of the tennis was very high, with the final scores not being a true reflection of the quality of the tennis played by both teams. Churchill (5-45) defeated Willow Grove (1-23).
